

# WITH **45** DAYS OF VOTING IN 2022 YOU ARE NEEDED MORE THAN EVER!

*We need CITIZENS to sign up to be  
Election Officers &/or Poll Watchers  
to Protect our Elections!*

## **Why should you volunteer?**

Virginia election law says that there should be equal numbers of Republican and Democrat election officers and poll watchers in every county and precinct. The Democrats have more than enough volunteers. In Prince William County, the Republicans are running behind. We need more volunteers! If you don't step up, who will?

## **Election Officers will participate:**

- In one of the precinct polling places on election day and/or early voting in-person with application to the General Registrar office.

## **Poll Watchers will participate:**

- In satellite polling places for early voting in-person
- In one of the precinct polling places on election day
- At the Central Absentee Precinct
- At recording, tabulating and canvassing of results
- At hand counts and late vote processing

You'll receive complete training as an Election Officer and/or Poll Watcher and you'll be taught to know what to look for and what to do about it.
